

Four Lives Lost When Dwelling is Burned

William Larison, his Two Little Children and Mrs. Charles Perish in Flames

By far the most shocking occurrence in the history of Clay City occurred Monday night when the Grim Reaper visited our town, in his most awful form, and in one sweep took four lives under the most distressing circumstances. Wm. Larison, his two children, Oliver, age 8, and Inez, age four, together with Mrs. Florence Charles, who had been keeping house for the family, all lost their lives in a fire that consumed the house they occupied in the south end of the town.

The cause of the fire and the circumstances surrounding it will never be known, as no one escaped from the house to tell the details of the tragedy. All that is known is that Mr. Larison and the little boy had been at a neighbors during the evening and returned about 8:30. The fire was discovered about 10:45 and by the time the nearest neighbors arrived the building was a mass of flame. When Messrs. C. A. Hazelrigg, Frank Newell and Bert Frazier rushed to the front of the house and broke in the window, a mass of flames and smoke confronted them, making it impossible for them to attempt any rescue. It was not known for sure that anyone was in the house and for a time it was hoped that they were all away, but this hope was soon dispelled. After the roof fell in and the fire moderated somewhat efforts were made to rescue the remains, and as soon as the bodies were located water was thrown on them.

The father was found about two feet from the front window, with the body of the little girl held close to his left side. He had evidently been awakened by the smoke and catching up the child, had attempted to get to the window, but fell before reaching it. The little boy's body was a few feet from the bed, and it is possible that the father had started to carry them both to the window. The body of Mrs. Charles, who occupied a room upstairs was found at the foot of where the stairway had been, and she evidently had made an attempt to escape.

Very few people, except those living in the vicinity of the house, knew anything about the tragedy until the following morning, and the news created the greatest excitement in town. From 6 o'clock in the morning till noon a constant stream of people, both from the country and town, were attracted to the scene, and the bodies, laid out in the yard, were viewed by hundreds. The remains were badly charred and it was impossible to move them and they remained in the yard until the coffins were made.

The father and children were placed in one coffin and buried in the afternoon at Hardwicks Creek, a short service being held at the grave by Rev. D. H. Matherly. The body of Mrs. Charles was taken to Irvine for burial.

Mr. Larison was one of the best known farmers in the county, and had moved to town about three weeks ago, having rented a tract of land here, which he intended to farm this summer. The two little children were attending Miss Hazelrigg's kindergarten school, and Mrs. Charles had been engaged a few days before the tragedy, to look after the children and keep house for Mr. Larison.

Mr. Larison was 38 year of age and was born in this county. His wife, who died about two years ago, was Miss Kate Wells. He is survived by his parents, three brothers, Louis, Isaac and Green, and one sister, Mrs. Lizzie Hall.

Mrs. Charles was before her marriage, Miss Florence Sparks. She was

Interesting Contest.

The post card contest put on the Booster store last week was of the most interesting competition of its kind ever seen here, a great deal of work being done by leaders. The words, William Groves and Dry Goods stores, written nearly a thousand times on an ordinary postage by several of the winners. Following are the names of those awarded the prizes by the judges: Nora Martin, Ollie Hoskins, Ethel Johnson, Addie Hazelrigg and O. W. Duncan.

New Goods Arriving.

Hardwick & Co., the enterprising merchants of Stanton, are now receiving their spring and summer goods and their "ads" in The Times for the next few issues promise to be particularly interesting to those seeking good values in merchandise. Hardwick & Co. are always up to date and their aim is to please every customer.

Twice in the past week the express shipments of poultry and produce have been so heavy from above here that a large amount had to be left for another train.

born in Estill county and is survived by her husband, Bert Charles, employed at the Farmers Union store; her parents, and one sister and brother.

Several theories have been advanced as to the cause of the fire, one of them being that the flue was defective and a fire in the stove caused it, while another is that Mr. Larison had gone to the kitchen for a drink of water and lit a match, letting the burning end of it fall on an old carpet there, where it smoldered for some time before breaking out. However, the true cause will never be known.

Coroner S. V. Larison held inquests over the remains Tuesday morning, the jury returning a verdict to the effect that the cause of the fire was unknown. The house was the property of Mr. Andy Barnett, and was a two story frame building.

Baby Has Bad Fall.

The little 18-months-old girl of Mr. and Mrs. Dee Adams fell from an upstairs window of their house Wednesday, and sustained some severe injuries. One leg was broken near the thigh, and it is not known yet whether any internal injuries were suffered or not. Dr. Martin, the injured member and the little one is doing as well as could be expected.

STANTON.

(By P. O. Derthick.)

Hardwick & Co. are displaying a line of new Easter hats which are very pretty this year. They are much more sensible than the washkins that have been worn in the past year or two.

A. T. Stewart has bought the corner house and lot from Mrs. Edie Smith. He will fix it up and then he and his niece, who is his stenographer, will go to housekeeping.

Mrs. Alony Hackworth and Miss Phillips came up from Clay City Tuesday to consult Dr. Kiser, the eye specialist.

Grant Frazier had the misfortune to fall off his horse last Saturday night, breaking his lame leg over the knee joint. He laid there some time before being discovered and he is suffering very much.

Everyone in Stanton was shocked to hear of the awful tragedy when the house of Mr. Larison burned down. Everybody should pay especial attention to their flues and make them safe as so many fires are started from defective flues that a little work would have made safe. In building his new home the writer was careful to see that the flues were made right.

Misses Lillie and Maud Boone were visiting in Russell this week.

Dr. J. D. Kiser, of Lexington, was here Tuesday and made an examination of the students and only found eleven cases of trachoma. Only one of these a bad case while many of the others

can be relieved by treatment. The others will have to be operated on and it is probable that Dr. Kiser will return later and perform the operations himself.

A district Sunday School convention will be held at Clay City Sunday, April 4. Everybody in the county is invited to attend and a basket dinner will be served on the grounds. A number from here will attend and W. J. Vaughn, State Field Worker for Kentucky, will be there. He is a whole convention in himself, and everybody should hear him. This is not the county convention which will be held some time later.

The writer was at Index, Morgan county, over Sunday and a marvelous change has taken place since last fall when they commenced to hold prayer meetings in their homes and a number of conversions resulted. A series of revivals was then held, and some of the wildest and toughest young men of the district were converted. Some of them now hold meetings in the surrounding country and even some church members were converted. We wish such a change could strike Stanton. We think that we have some church members that could stand being converted.

Mrs. Bettie Johnson was called to Winchester Sunday to see her sister who had fallen and broken her arm.

Miss Golden Shackelford was called to Finecastle to attend the funeral of her grandmother, Mrs. E. M. Shackelford, who died at Winchester Sunday morning from a fall she received several days ago.

Mr. John (Hugley) Hardwick was a visitor in our town last week, renewing acquaintances with his many friends.

Prof. and Mrs. Ed. Hart went to Anna Summers home calls upon the people and enjoyed the hospitality of Mrs. Harter's home over Sunday.

Mrs. John Will Morton returned Monday from a week's visit to her daughter Catherine, in Lexington. Catherine has been promoted to head of the candy department at Woolworth's.

Mr. and Mrs. John Williams visited relatives in Winchester two days this week.

The Phillips-Stone bankrupt stock was auctioned off to Messrs. Catron and Drake, of Campton, who will continue the business at the old stand. We are glad to welcome these two new men to our town and predict that they will draw their share of the trade. They are old and tried hands in the merchandise business.

Jas. B. Hall, of Lexington, was here over Sunday, going on to Fort Monday morning.

God Has Spared This Land of Ours the Awful Horrors of War

GO TO CHURCH Because:

GO TO CHURCH next Sunday!

IF THERE IS ONE THING THAT SHOULD ACCELERATE THE GO TO CHURCH MOVEMENT IT IS THE DEVASTATING WAR OF EUROPE. PEOPLE SHOULD GO TO CHURCH AND THANK GOD THAT THIS COUNTRY HAS BEEN SPARED WAR'S HORRORS AND PRAY THAT IT MAY CONTINUE TO ENJOY THE BLESSINGS OF PEACE. WHEN THE GO TO CHURCH MOVEMENT WAS STARTED LAST SPRING IT LOOKED AS IF THIS COUNTRY WOULD BE EMBROILED WITH MEXICO. THEN EUROPE WAS AT PEACE. THIS COUNTRY STILL BOASTS OF PEACE. WHILE EUROPE IS SHAKEN TO ITS FOUNDATIONS BY A DREADFUL WAR. WHO CAN SAY THAT THIS MAGNIFICENT RESPONSE TO THE APPEAL OF THE CHURCHES TO GO TO CHURCH DID NOT HELP IN PRESERVING THE PEACE OF THIS LAND OF OURS? GOD WAS PLEASED AT THE THOUSANDS WHO WENT TO HIS TEMPLES OF WORSHIP. IT IS BUT FAIR TO ASSUME THAT HE SPARED THIS LAND THE HORRORS OF WAR.

This country is proud of its churches. They are a credit to the country. For a time it looked as if they were to SUFFER MATERIALLY BECAUSE OF DECREASING ATTENDANCE. But religious sentiment, religious support for the churches, never was dead in this land. All the people needed was a reminder. The GO TO CHURCH movement had a small beginning. It grew and grew. Before the summer set in it was a tidal wave. Entire communities arose as one person and went to church. It was a magnificent response.

Needn't you like to see your wife GO TO CHURCH. You like to see your son and your daughter GO TO CHURCH. Or if you are single may you like to see your sweetheart GO TO CHURCH.

GO TO CHURCH yourself, and they will gladly follow your example.

An American submarine, the F-4, was sunk last week off Honolulu, in the Pacific ocean and her crew of 21 men all perished. This is the first disaster in years to an American submarine.

A headline in Sunday's Lexington Leader says that more candidates are wanted by the Republican party for State offices. It requires an awful lot of pressure for a candidate to come out on the Republican ticket to what he is convinced is certain defeat. Now in Democratic circles, there is no dearth of candidates, as they know the nominee is almost sure of his office.

"Henry Bosworth, candidate for the Democratic nomination for Governor, will carry every county in Eastern Kentucky," was the statement made in Lexington yesterday by A. O. Sears, a prominent lumber dealer, who is just back from a trip to the mountains. Mr. Sears was accompanied by Mike Courtney, a prominent lumber dealer of Winchester, who stated Clark county was solid for Henry Bosworth.—Lexington Herald.

"Without reflecting on either gentleman's integrity, if Mr. Sears' information has no better foundation in fact than Mr. Courtney's, brother Henry had better not count any of those counties in Eastern Kentucky." Winchester Democrat.

Practically the same can be said of Powell county. Mr. Bosworth being one of the least talked of candidates in the race for the Democratic nomination.

The preliminary hearing of the five men indicted at Irvine for the murder of Houston Underwood, was completed last Friday, and the cases were transferred to the Clark Circuit Court, where they will be tried before Judge Benton. Bail was refused T. Q. Wallace and Frank Chaney, while the others were admitted to bail in the sum of \$2000 each.

William West has filed suit in Clark Circuit court for \$15,000 damages from the L&E, for injuries he sustained some months ago by falling from the Red River bridge just above town.

Famous Medicine, Tan-lac, Draws Ingredients From Distant Points

Louisville, March 31.—L. T. Cooper, the man who electrified the large cities with his philanthropy, health theories and medicine, is now meeting hundreds daily in Louisville and explaining the nature of his celebrated preparation, Tanlac.

To a group of friends at The Seelbach, where he is stopping, Mr. Cooper stated that the medicinal elements or properties, which go to make up his medicine, Tanlac, came from many remote sections of the globe. The Alps, Apennines, Pyrenees, Russian Asia, Jamaica, Brazil, West Indies, Mountain States near the Rocky Mountains, Asia Minor, Persia, India, Russia, England, France, Germany, Mexico, Columbia and Peru were among the points he mentioned as furnishing the ingredients for the premier preparation.

In his principal laboratory, the roots, barks and flowers of the medicine in its rough, is assembled under the personal direction of a German chemist and skillfully prepared to the high standard of purity.

shown by the uniform preparation, Tanlac.

In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled, inspected and then shipped out over the world where the demand requires.

Mr. Cooper, having made an extensive study of catarrhal affections, was asked to express himself upon that subject. He said:

"Most of the so-called stomach, liver and kidney troubles are due almost entirely to a catarrhal inflammation of those organs. The constant coughing up of mucus, dull, throbbing headaches, pains in the pit of stomach, and the persistent susceptibility to coughs and colds, are common symptoms from which so many suffer."

"Tanlac, the preparation I am introducing to combat this condition, preserves your health, gives you renewed energy, brightens your spirits, lengthens your life and is an unmistakable, unfailing comfort to the thousands who suffer from catarrh and its distressing consequences."

Tanlac can now be bought in Clay City at Eaton and McGuire and in Stanton at Hardwick and Co., exclusive agents.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FIRST TO DISCOVER OXYGEN

World Owes Deep Debt of Gratitude to Joseph Priestley, English Dissenting Clergyman.

Oxygen was discovered 140 years ago. Joseph Priestley, a dissenting English clergyman who had turned scientist, obtained the hitherto unknown gas by igniting mercuric oxide. The oxygen he thus produced he called "dephlogisticated air." He and Benjamin Franklin had often discussed the mysterious composition of air and water. No one up to that time had determined what element it was in both which so invigorated the physical energies of man. It is said that Priestley made his actual discovery of the oxygen while experimenting in a brewery near his home in England. He spent the last ten years of his life in the United States, a voluntary exile.

By a monument stands in England to commemorate Priestley's discovery. Were he alive he could read of the thousands of lives which are saved as a result of his work. Oxygen is the only gas capable of supporting respiration, and is repeatedly used in the sick chamber to pull a patient through a crisis. Helix equipped with oxygen attachments enable the diver to go to ocean depths, the aviator to ascend into rarefied air, the fireman to stand in dense smoke, and rescuers to descend into gas-filled mines. So wide are its uses that some 4,000,000 cubic feet of this gas are bottled in the United States every year.

His two seasons of active life
a wild orgy of slaying and feasting.
His span of mortality includes a
mere fortnight of larval life, and two
brief summers of adult existence,
representing less than five months of
activity altogether; but during that
time he will normally devour nearly
650 gypsy moth caterpillars, or
pupae, as large as himself. A single
pair of beetles have been observed to
eat two thousand caterpillars within
eight weeks—gluttony almost beyond
belief.

DISTINGUISHED EDUCATOR.

Dr. Robert Emory, an educator of
note and one of the early presidents
of Dickinson college, was born 124
years ago in Philadelphia. He was
the son of the Rev. John Emory, a
bishop of the Methodist Episcopal
church. Robert Emory was graduated
from Columbia in 1831 and for
two years studied law. He held the
chair of ancient languages in Dick-
inson college from 1834 until 1839,
resigning in the latter year to be-
come a Methodist minister. In 1842
he returned to his professorship at
Dickinson. In 1845 he was elected
president of the college and contin-
ued to serve in that capacity until
his death, which occurred while he
was visiting in the city of Baltimore
in 1848.

SPEAKER CLAUDE B. TERRELL IS SEEKING NOMINATION BY DEMOCRATS FOR TREASURER

Trimble County Man Submits Candidacy to Voters
in Primary of August 7, Upon Record of His
Public Services in General Assembly.

HAS TWICE PRESIDED OVER HOUSE

CLAUDE B. TERRELL.

KY., March 25.—The
Claude B. Terrell, of Trim-
ble County, today announced himself
for the Democratic nomi-
nation for State Treasurer in the
primary of August 7, next. He
is an active campaigner for the
office.
Terrell is one of the best
of the younger Democrats, who
has been active in politics and pub-
lic life during the last few years, and
enjoys an acquaintance that covers
every section of Kentucky. He is a
farmer, merchant and banker in his
home town. He has served the Trim-
ble and Oldham District in the Gen-
eral Assembly of Kentucky on three
occasions, twice without opposition,
and serving at two sessions as
Speaker of the House of Representa-
tives.
Mr. Terrell first entered State poli-
tics in the memorable legislative ses-
sion of 1900, when he lost a contest
for the office of Speaker. He was a
member of the Rules Committee of
the House, one of the most important
positions at that time, and in the
gubernatorial contest, following the
assassination of Governor Goebel, he
was a member of the Steering Com-
mittee of the Democratic organiza-
tion in the lower House. He was one
of the five men of that body who
kept its records intact during the days
when W. S. Taylor prevented the Gen-
eral Assembly from meeting in the
Capitol, and preserved those records
so that they were later upheld in the
courts of Kentucky.

Mr. Terrell came back to the legis-
lative session of 1912, and because of
his former experience was easily
elected Speaker of the House. He
was returned by his district to the
session of 1914, Oldham County Dem-
ocrats setting aside the custom of
rotation in order that he might be
thus signally honored, and he was
re-elected to the Speakership without
opposition in the House. As presid-
ing officer of the lower House he had
much to do with the enactment of
important legislation during the ses-
sions of 1912 and 1914.

Mr. Terrell has for quite a number
of years been a member of the Board
of Trustees of the State University,
Lexington, and has taken an active
part in the conduct of the University,
and shown much interest in all edu-
cational matters that came before the
legislative sessions over which he
presided. He bases his candidacy for
State Treasurer on his experience
generally as a business man, and be-
cause of his knowledge of the State's
financial affairs through his service in
the General Assembly.

He presents his candidacy briefly in
the following card:

"To the Democrats of Kentucky:
"I will be a candidate before you
in the Democratic State primary on
Saturday, August 7, next, for the
nomination for State Treasurer. I
feel that my experience in the past
in legislative capacity, as member
and Speaker of the House of Repre-
sentatives, has brought me closely in
touch with public affairs of Kentucky
and the needs of the State. The
Treasurer, besides the duties directly
connected with his department, is a
member of the State Sinking Fund
Commission, which has general charge
of the financial affairs of the State,
and a member of the State Board of
Valuation and Assessment, which
fixes the franchise values of corpora-
tions for purposes of taxation. I be-
lieve my public experience as a busi-
ness man and legislator qualifies me
for the duties which are to be per-
formed on these two boards, as this
experience has given me an intimate
knowledge of public affairs and ac-
quainted me somewhat with the needs
of the State. If chosen for this office,
it is my purpose to give my entire
time and attention to it, to the end
that it be successfully conducted. I
shall always retain my interest in
the further development of the educa-
tional system of Kentucky, and my
desire to see it become a perfect sys-
tem is one of the reasons why I
should like to be a member of the
next State administration.
"I respectfully solicit your support.
"CLAUDE B. TERRELL."

An Open Letter

TO THE HOUSEKEEPERS OF POWELL COUNTY:

Have you ever noticed the way that the prices of merchandise dropped in Clay City immediately after the Farmers' Union started business here. Most certainly they did drop just as soon as our prices became known. Our business has grown by leaps and bounds and is still growing, mainly because our prices are low and the quality of our goods high. Other merchants try to compete with us, but after several years of charging any prices they pleased, they find it hard to come down to our prices.

At the same time we pay the farmer a higher price for what he has to sell. Of course, we make as much profit but we believe in the motto "Live and Let Live". Think of this when ordering your supplies and goods.

King Emerald Chief 4396

King Emerald Chief will make the ensuing season at the stable of J. C. Patrick, near Stanton College, at the low price of TEN DOLLARS to insure a living colt.

King Emerald is a son of Emerald Chief, of World's Fair fame. He stands 16 hands and is a beauty. Why send your mares to Clark or Montgomery when you have a horse at home second to none in Kentucky? He is a half brother to Emerald Bell, that sold for \$1250, and this amount was awarded Mr. Patrick for the mare by a Powell county jury and also by the Court of Appeals. He is also a half brother to Viola Allen, one of the beauties of the world, and sold for \$1750 as a four-year-old. There is no better breeding horse in Kentucky, as his colts show.

Boosters

We think it fitting at this time to announce that we have decided to award a second, third, fourth and fifth premium to the members of the Booster Club. Many of you Boosters are doing good work for us and we wish to show our appreciation of your efforts by making it possible for several of you to obtain a piano for yourself by the payment of a small amount of cash. At considerable expense we have arranged for four pianos which we shall give to you as specified below, if you want them. These pianos are all regular \$300.00 instruments. This is the way they will be given:

- 2nd Prize—A certificate for \$180.00, to apply on the purchase of one of these \$300.00 Pianos.
- 3rd Prize—A certificate for \$180.00, to apply on the purchase of one of these \$300.00 Pianos.
- 4th Prize—A certificate for \$170.00, to apply on the purchase of one of these \$300.00 Pianos.
- 5th Prize—A certificate for \$160.00, to apply on the purchase of one of these \$300.00 Pianos.

These certificates are valuable as the cash that you must pay is less than the regular wholesale price of Pianos. In better than this one, and in case the person securing one of them does not care to use it, it may be transferred and sold to someone who wishes to buy one.

A large number of babies have been nominated for the Baby Show. We want every baby for twenty miles around to be in this list. We want to see all the babies.

What Booster will win the watch next Monday, April 5th.
